## #4000 Water Trucks

Allow EMI to serve you with our quality trucks. We serve various vocations including water trucks, oilfield vacuum/water trucks, oilfield winch tractors, oilfield winch bed trucks, dump trucks, and custom cab and chassis.

Our water trucks are available in a #2250 gallon water tank, and a #4000 gallon water tank. Our water tanks are of steel construction, fully welded. We offer Monarch and Berkley water pumps, Pneumatic spray heads, and many other features.

Our oilfield trucks include oilfield vacuum water trucks constructed of 1/4" steel. We build from a 70 bbl. to 100 bbl. tank system. Various pumps available. Our oilfield winch truck line-up consists of Roustabout to Twin Steer 400" bed trucks.

Our dump trucks and custom cab and chassis are a large portion of our business. Please take a moment to browse our on-line inventory. You can also e-mail us at [earthmvr@sbcglobal.net](mailto:earthmvr@sbcglobal.net) with any questions you might have. 1-877-500-3993 (TOLL FREE).

EMI is centrally located in the United States. Our office and production facilities are in Washington, Kansas . We deliver our product to our customers anywhere worldwide.
